Sacramento, CA

94244-2720

November 9, 2001

To: County Superintendents of Schools

From: Colleen Schroeder, Manager
Principal Apportionment Unit
School Fiscal Services Division

Subject: 2001-02 Apportionment Forms and Schedules for County
Superintendents of Schools

The forms and schedules for calculating the 2001-02 principal apportionments for county superintendents of schools are attached. These documents reflect 2001-02 changes to statute and other program implementation changes that provide county offices access to additional revenue if eligibility criteria are met.

There is a new schedule to allow county community schools to claim reimbursement for K-4 Intensive Reading programs (Schedule L), and a revised schedule to provide ongoing funding for the 1999-2000 and 2000-2001 Beginning Teacher Salary programs (Schedule BTS-COE). Worksheet J has been updated to reflect the estimated equalization and cost of living adjustments to the juvenile court school revenue limits, and Schedule P reflects the reduced PERS offset.

Please return the completed Form O and schedules **by December 7, 2001** to:

**California Department of Education
School Fiscal Services Division
560 J Street, Suite 150
